**Reason Of Change**

Symptom : TV latches up (A Remote control and a control key didn't work)  
 1. Improved IIC ch4 Rising Time  
 2. Improved IIC ch4 ACK signal Margin  
 We've changed the value of the resistors in the Analog B/D(R1422,1441) and Index(R101,102)  
 IF you change the Analog B/D or Index B/D , you have to check the value of resistors  
 (Please make sure that you have to check the goods that were produced before May 2005)
